Exhumation May Identify Body at Texarkana

TEXARKANA, (AP)—Miller County Sheriff W. E. Davis yesterday asked for the exhumation of a body buried in a Texas cemetery after the man who's supposed to be in the grave showed up alive.

Van Ider Sellman was identified as relatives here as the man killed on Aug. 27 in a Texarkana, Ark., railroad yard accident. The grieving relatives held a funeral for the man.

Sunday they heard that Sellman was alive and living in Longview, Texas. When he showed up in Texarkana Wednesday Sellman, who didn't know he was believed to be dead, collapsed. His sister and niece were reported in a state of shock.

His sister, Mrs. G. A. Baldwin, and niece, Mrs. Henry Cerar, both of Texarkana, along with Sellman's mother, Mrs. Lula Sellman, had helped identify the body.

The body, which had been struck by a train, carried no identification. The death was ruled accidental.

Sheriff Davis said he's asked Bowie County, Tex., authorities to exhume the body buried in Sellman's name.

Chinese to Return 12 Who Changed Mind

PANMUNJOM, Korea (UP)—The Communists announced today they will return tomorrow (tonight EDT) 10 or more captives who previously had refused to go home.

A spokesman for the military armistice commission prisoner committee said the Communists declined to identify the prisoners by nationality.

As soon as they are freed, the prisoners will be flown by helicopter to the 121st Evacuation Hospital in Seoul. If they are Koreans they will be taken to the 38th ROK Hospital.

The men are among 320 prisoners the Communists said had refused repatriation during "Operation Big Switch." About 20 had been identified only as "non-Koreans."

They presumably will be turned over to the neutral nations repatriation commission whose teams will tell them of their rights and privileges.

O. D. Middlebrooks Brings in 132 Pound Watermelon

Probably the largest watermelon of the year was brought in Thursday by O. D. Middlebrooks, Hope Rt. 1 farmer who produced the world champion a 132-pounder back in 1935.

The melon, in perfect condition, weighed 132 pounds and was purchased by C. A. Monts, operator of Monts Seed Company.

The melon will be shipped to Claude G. Scotts of Coos Bay, Oregon. There have been no reports that might exceed the 132-pounder this year.

Soviets Claim New Type of Atom Bomb

By RICHARD KASIBCHKE

MOSCOW (AP)—The Soviet government today claimed successful tests of "new type" atomic bombs in recent weeks but said it still wants an international ban on mass destruction weapons.

The announcement by the Soviet news agency Tass said the Soviets occurred "in the last few weeks" but gave no details of the "new type" weapons tested.

(In Washington, a spokesman for the U. S. Atomic Energy Commission said the Russian announcement "merely confirms" the AEC's statement Aug. 31 that a fission-atomic explosion of about the same power as recent U. S. tests in Nevada had taken place Aug. 23 in Russia. The previous statement added the explosion "would appear to be part of a series.")

(The American spokesman emphasized again that the Aug. 23 explosion was a "fission," or atomic, blast. Observers in Washington concluded from this that the Soviet explosion apparently did not involve the thermonuclear reactions of a hydrogen bomb.)

McCarthy Has Lawyer Ejected

NEW YORK (AP)—An attorney, whom Sen. Joseph R. McCarthy threatened to cite for contempt, was forcibly ejected today from a committee hearing room.

Ordering the lawyer, Abraham Unger, thrown out, the Wisconsin Republican senator declared: "I will not allow a Communist lawyer to use this room as a transmission belt."

The dramatic episode came in the midst of a hearing by the Senate investigating subcommittee, headed by McCarthy.

Just before the flareup, a one-time Communist, John Lautner, had testified that Unger once was a "Communist functionary" and a member of the party's national committee.

Unger was one of the attorneys who served as defense counsel to 11 top Communist leaders convicted for conspiracy to teach and advocate forcible overthrow of the U. S. government.

Television lights illuminated the committee table, and cameras were trained on the scene while Unger was forced out of the room.

Hollywood Takes 'The Robe' to New York in a Bold Bid to Overshadow Television

By HAL BOYLE
NEW YORK (AP)—Hollywood came to Broadway last night in a bold \$75,000,000 bid against television. It was quite an evening.

The film industry unveiled one of its newest processes—Cinemascope—in a star-studded world premiere of "The Robe."

It was as glamorous as the opening of the Metropolitan Opera season, and added several more million candlepower of glitter to the great white way. It was a black tie and mink jacket event, and the diamonds on the lady guests were outdone only by giant searchlights stabbed a cloudy Manhattan sky.

The 6,500 invited guests—who had to push their way through some 6,000 uninvited spectators jammed outside the RKO Theater—included Mayor Vincent Impellitteri, General James Van Fleet, and a local restaurant owner called Toots Shor.

U.S. to Stand Pat on Neutral Decision

By MAX HARRELSON

UNITED NATIONS, N. Y. (AP)—The United States formally ratified Communist China and North Korea today that it was standing pat on the U. N.'s decision barring neutrals from the Korean peace conference.

In a note transmitted through the Swedish government and circulated to all 49 members of the U. N., the United States called upon the Communists to act as quickly as possible to propose a time and place for the parley along lines laid down by the assembly last month.

The United States said it had taken note of Peiping's proposal that the assembly reconsider its decision, but made it clear the United States would oppose any such action.

"The resolutions already adopted by the General Assembly as to the composition of the conference speak for themselves and there is nothing further to add on that subject," the note said.

The United States reminded the Communists it already had proposed on behalf of the nations fighting under the U. N. banner that the conference be held at Honolulu, San Francisco or Geneva on Oct. 15.

It added: "We request an early reply as to place and time acceptable to each of your governments since it is essential that preparations for

John K. Brown Freed of Charges

By LEON HATCH

LITTLE ROCK (AP)—One defendant in the highway audit cases was dismissed on a technical point, but the other four failed to escape trial on similar grounds yesterday.

Trials of the four then were set for early next month. An indictment against John K. Brown of Arkadelphia, former state Highway Department purchasing agent, on a charge of soliciting a bribe was dropped by Circuit Judge Henry Smith of Pine Bluff.

A witness at the Highway Audit Commission hearing two years ago testified—and Brown denied—that in 1930 he then purchasing agent sought a contribution to a political campaign fund of Gov. Sid McMath in return for a promise that the witness' firm would be favored with Highway Department orders.

Former Highway Commissioner A. D. Mason of Camden, charged with accepting a bribe of \$500 to be donated to the same campaign fund, was one of those who didn't have the same luck as Brown. Smith refused to drop the charge against Mason, and trial was set for Oct. 13.

The judge also declined to dismiss two counts of accepting a bribe and one of having an unlawful interest in a highway contract against M. C. (Fritz) Methvin of Little Rock, former highway engineer, and two counts of obtaining money under false pretense charged jointly to Conway County Sheriff Martin Hawkins and his father-in-law, W. M. Treadwell of Morrilton.

Methvin's trial was set for Oct. 6; that of Hawkins and Treadwell for Oct. 8.

Siamese Twins Have Chance to Survive

NEW ORLEANS (AP)—Chances of surviving improved steadily today for Louisiana's Siamese twins—separated yesterday in a history-making operation.

Foundation hospital officials said the twin daughters of Mayor and Mrs. Ashton Mouton of Lafayette "still continue to dwell."

Dr. L. L. Weisneller, hospital director, said, "The longer they continue to do well, the better their chances are. And it looks encouraging."

The 8-week-old girls, Carolyn Anne and Catherine Anne, were joined near the base of the spine. Hospital spokesmen say as far as they can determine both twins have never survived such an operation.

The babies will regain their strength for several days before doctors examine to determine what further surgery is needed.

The soft-spoken 37-year-old father said after the operation, "God Almighty has been very generous so that we could have our little girls perfectly normal."

Mouton and his attractive 33-year-old wife stayed in a private room during the operation with a bible in their hands.

GOPs Asking Ike to Answer Democrats

By JACK BELL

CHICAGO (AP)—Republican leaders pressed President Eisenhower today to stop off in Chicago to answer Democratic charges that the Republican farm program has gone sour and that U. S. allies are being confused by American foreign policies.

Eisenhower is due to stop over here briefly Saturday to pick up his son, John, and family on the way back to Washington from his vacation in Colorado.

Sen. Ferguson, keynoter of today's opening session of a Republican rally, said in an interview he hopes to persuade the President to take out enough time to give his own reply to charges fired at the week by Adlai E. Stevenson and former President Truman.

The Republicans who had advertised this conference they answered to Democratic blasts, found themselves with only second string speakers after GOP National Chairman Leonard W. Hall became ill with a virus and couldn't attend.

Called suddenly into the breach, Ferguson blasted at Stevenson and offering "appeasement" to Moscow in the 1952 Democratic negotiations with the Russians on non-aggression pact and a disarmament agreement.

"Governor Stevenson is urging us to meet at every opportunity whether it be on the Communists' terms or our own," Ferguson declared. "This shows a vast misunderstanding, such a lack of comprehension of the nature of communism that it is almost unbelievable."

Envoy to Study Russian Tactics

LUXEMBOURG (AP)—U. S. envoys in western Europe met here today for a study of Russian tactics to slow down west European unification.

The diplomats who represent America in the six member nations of the Schuman steel and coal community were joined by Livingston Merchant, assistant secretary of state for European affairs, and Charles E. Bohlen, American ambassador to Moscow.

The group convened with David K. Bruce, Washington's ambassador to the Schuman plan headquarters here.

Officials described the session as a routine exchange of views and a survey of the present situation, but Bohlen's participation made it evident the envoys would devote much attention to the Kremlin's attitude toward pending decisions on the European army and moves toward European political federation.

ROKs Threaten to Disrupt Truce Agreement

By WILLIAM MILLER

PANMUNJOM, Korea (UP)—President Syngman Rhee's provost marshal threatened today to disrupt the Korean truce agreement by halting the delivery of anti-Communist prisoners to neutral Indian guards.

Lt. Gen. Wai Yok Duk, who released 25,000 anti-Communist North Koreans last June on orders from Rhee that delayed the armistice, accused the ROKs of intimidating captives resisting repatriation.

Woo said he would halt the turnover of the 2,700 anti-Red prisoners still in Allied custody unless the Communists quit using pressure tactics.

The provost marshal said the Communists had been trying to force the prisoners to go back to Red China and North Korea against their will by threatening reprisals against their families.

He objected also to the Communist practice of taking the names and addresses of prisoners as they are released to Indian guards who have been assigned to protect them.

Under the armistice agreement, both sides in the Korean war must hand over to the Indians all prisoners who refuse to go home.

They will remain in Indian custody for three months, during which time "explanations" of both sides will attempt to convince them they should be repatriated.

Mother, Four Children Die in Blaze

PLAINVIEW, Tex., (UP)—The mother and four children of a Texarkana, Tex., family were burned to death early today when a flash fire swept the flat-bed truck on which they were sleeping.

The father, who was driving the truck when it caught fire, and a 13-year-old son barely managed to escape with minor injuries.

The family had come to the South Plains area to work in the cotton harvest.

They were en route to Vernon, Tex., to visit relatives after learning that cotton harvest workers were not needed yet in the South Plains area.

The father, D. F. Martin, 35, told Plainview Chief of Police Hoyt Curry he believed the fire started from a short circuit in the truck's tail light.

The dead were Mrs. Martin and four of her children, Billy Roy, 11; Delores Jane, 9; Dewey Wayne, 7; and Jackie Dale, 5. The older son, William Eugene, and the father just managed to escape from the cab of the truck as flames engulfed the back section.

The five victims were asleep on a mattress on the bed of the truck.

"It didn't look as if they had a chance to move," an attendant at Lemons funeral home in Plainview said.

The attendant, Zack Hall, said several pieces of furniture, clothing and other household goods were on the back of the truck.

"Apparently the fire had swept out of control when the father and boy got out of the cab of the truck," Hall said.

Justice of the Peace J. W. Lewis, who was investigating the fire with Curry, said the father told him the family had traveled to the Muleshoe, Tex., area earlier this week only to find that cotton harvest hands were not needed yet.

Injunction Against Hummel Plant Lifted

FOR SMITH (AP)—Chancellor C. M. Wofford has lifted a temporary injunction against picketing at the Charles J. Hummel Co. plant here.

He order, issued Sept. 1 at the request of Hummel against striking members of Local 240 the AFL International Association of Sheet Metal Workers, was lifted Wednesday.

The company contends it has a collective bargaining contract provision with the union. The union local says Hummel broke an agreement to grant a wage hike similar to one granted in the Little Rock area.

Torrid Session Leaves Council Split on Method of Hiring City Workers

General Dean Was Betrayed for \$5

By BILL SHINN

SEOUL (AP)—A slightly built, 40-year-old South Korean said today he accepted \$5 from the North Korean Communists in August, in August, 1950, as payment for helping the Reds capture Maj. Gen. William F. Dean.

The Korean, Han Do Kyoo, is one of two residents of China, South of Yachon, held here on charges of betraying Dean.

Han told The Associated Press in an interview he accepted 30,000 won (\$5) from the Reds for his part in the capture of Dean. He added that he "returned" the \$5 to a Communist organization.

Dean, former commander of the U. S. 24th Division, was released two weeks ago at Panmunjom after more than three years as a captive. He has been under treatment at Tokyo Army Hospital for dysentery and is scheduled to depart for the United States Monday.

Han and Choe Chong Bong, 24, were arrested by South Korean national police two days after Dean was released.

I talked with them today outside the jail room of the Seoul central police station, where police brought them to pose for pictures.

Choe would not answer questions. Police charge Han and Choe led Dean into a trap after promising to help him return to Allied lines.

Asked if he was the first Korean Dean met in the Chinun area, Han said, "Yes."

"When was it?" I asked. Without hesitation Han said "Aug. 25, 1950."

Asked what the general said at that time, Han said, "He did not say much. I could not understand the few words he said."

Han claimed he had intended to lead Dean to a hotel. But, he said, a group of Communist "home guards" caught the general on the way.

Police said Choe also received a reward from the Reds.

Hospital Bonds Bought by Stephens Co.

The Hempstead County Hospital committee sold \$300,000 in bonds to the W. R. Stephens Investment Company of Little Rock this week.

The Little Rock firm was the low bidder.

The callable bonds, bearing interest rate of a little over three per cent, are scheduled to reach maturity in 14 years.

Under the present plan the new hospital, construction is scheduled to start early next year, will be financed equally with the county putting up \$300,000 and the Federal government the same amount.

Hundreds of Hempstead folks had tuberculosis X-rays made earlier this year when the State Health Department's mobile unit toured the county. . . . those X-ray results have been returned and can be picked up at the County Health Office in the courthouse.

About this time every year various agencies and departments send out warnings of forest fires and cautions the public to be careful.

Target Areas Designated in the U.S.

By WARREN ROGERS JR.

WASHINGTON (AP)—In the wake of Russia's H-bomb announcement, the United States government has tagged 193 American cities as probable targets of atomic attack—70 of them as "critical."

But the list "does not purport to include all possible targets," the Federal Civil Defense Administration said in issuing it last night.

"For security reasons," it added, "certain targets that have national or military significance, including the atomic energy installations, have not been listed."

It was the first disclosure of areas officially designated as probable A-bomb targets. It supersedes a list adopted in 1952, sent to governors and local civil defense directors but never made public. He 1952 list was ordered destroyed.

Metropolitan Little Rock, which includes North Little Rock, and Fort Smith, Ark., are among 193 "probable" atom bomb target areas in the U. S.

The target areas comprise all U. S. urban centers containing at least one city of 50,000 or more population and the capitals of the state, territories and possessions. Little Rock and North Little Rock have a combined population of 100,000, and Fort Smith has a population of 64,202.

Issuance of the new list came six weeks after Russia claimed mastery of the dread hydrogen bomb and two days after municipal legal officers reported some cities are thinking about abandoning civil defense programs unless more federal aid is forthcoming.

A spokesman for the defense agency said Director Van Peterson ordered the list revised and published some time ago. The spokesman said its publication soon after the Soviet announcement was a coincidence.

He said Peterson felt people might be stirred into more civil defense activity if they knew their city had been labeled a probable target.

All state capitals are named, but not as critical targets unless industrially important. Other cities having 50,000 population or more are classed in the non-critical group.

now leads a group of film giants who hope Cinemascope will prove the movie industry's best answer to television.

Some scores of serious-faced gentlemen in tuxes also were present for the gala opening. These were the bankers reported to have invested between \$75,000,000 and \$100,000,000 to finance Cinemascope on a national scale.

There was an air of tension about the whole premiere. It was expected that the film would be affected by it, as anything new in the entertainment field is always a gamble—and this was one of the greatest.

What is Cinemascope, and what did they see?

Well, the traditional movie screen is roughly the shape of a newspaper. The screen for the debut of Cinemascope is wider and curved. If you opened a newspaper in the middle and looked at a picture spread across both pages, the curved screen and special wide-angle lenses invented by the French inventor are supposed to give the illusion of depth.

The picture, based on Lloyd Douglas' bestselling novel, is a brilliant drama of the conversion of the Roman officer in charge of the execution of Christ. It was filmed in technicolor, and it cost \$4,000,000.

Many in the audience appeared uncertain whether the debut of Cinemascope proved anything. They appeared more stunned by the sound effects, the brilliant color, and the vast images on the huge screen than they were moved emotionally by the scenes portrayed. It was a great spectacle, but Cinemascope—which occasionally blurred the images—couldn't make it a great movie.

The initial test of Cinemascope, it was more of a new kind of catch than a fresh kind of wind. The full scope of Cinemascope still is to be explored beyond this pioneering effort.

"I hear," one spectator said on the way out, "that 'Come With the Wind' drew 20 million dollars at the box office."

"Yeah," said his friend, "and 'Birth of a Nation' pulled in more than that, and it didn't even have color or sound."

Those were the good old days.

the conference start immediately.

The note was circulated as Australian Foreign Minister R. G. Casey called on the assembly to stand firm on its decision that only belligerent countries be invited to sit in the peace parley.

Casey said his own government would have preferred a different decision, but has now accepted the assembly's action and believed the Communists should do likewise.

Casey believed the United Nations for its part has taken a proper decision concerning the political conference, he said, "and that the Communist-Chinese and North Koreans should be advised accordingly."

Casey has taken a leading part during the past few days in private meetings at the 18 countries that fought under the U. N. banner in Korea. His view was understood to be that of the group.

The Australian foreign minister, like U. S. Secretary of State Dulles, appealed to the Communists to show by their acts in Korea and elsewhere that they want to ease world tension.

He expressed grave concern over the stockpiling of atomic weapons.

Bulgarian Reds Free 25,000

ISTANBUL, Turkey (AP)—Communist Bulgaria reportedly has freed an estimated 25,000 prisoners in a wholesale emptying of its concentration camps. The move apparently did not affect regular prisons where another 75,000 persons are believed held.

Usually reliable sources who reported the release yesterday said none of the camp prisoners had ever been tried or convicted in court. The releases were said to have begun Aug. 1.

Van Buren Fatality Ends 5-Year Record

VAN BUREN (AP)—A young man was killed when an automobile overturned here early today, and his death ended a five-year record of no traffic fatalities in this city of more than 6,000 persons.

Dow Edward Adams, 22, Los Angeles salesman, was pronounced dead on arrival at a hospital in neighboring Fort Smith.

The other was for 4 1/2 feet of reinforced concrete slab bridges and approaches on the Pansy-Star City road, state Highway 11 in Cleveland county. The contract went to the S. R. Dixon Co., Warren, on a low bid of \$12,130. The project was awarded at the Sept. 10 meeting of the commission.

Medics to Dissolve Doctor's Cas

LONGOKE, Ark. (AP)—An investigation of Dr. Jacobus Schirmer of Corning will be discussed by the Executive Board of the Arkansas Eclectic Medical Association here tomorrow.

In a suit filed by U.S. Sen. Tom Gentry in Clay Court, Schirmer was called in of the most notorious cancellations of the day.

Gentry said the 68-year-old director of the Corning Rebirth Hospital obtained an Arkansas license to practice through "scam and fraud." Schirmer recently donated the institution to the Academy of God Church.

Dr. J. B. Mitchell (Longoke, ARMA secretary, said the association is investigating "evidence that Dr. Schirmer's methods of treatment were not staying within the bounds of the ethics of the ARMA." Sen. J. Byrum Hurst of Hot Springs, who represents Schirmer, has said the charges against his client are "utterly ridiculous."

The National Society for the Prevention of Blindness predicts that at least 750,000 Americans now alive will become blind before they die.

**Ike to Cut Short
His Vacation**

DENVER (UP) President Eli-
senhower will end his Colorado vaca-
tion Saturday and fly back to
Washington "fairly early" in the
morning, the White House an-
nounced today.

Press Secretary James C. Hag-
erty had no firm departure time,
but said he thought Mr. Eisenhower
would take off from Lowry Air
Force base "fairly early" Satur-
day morning.

Tomorrow, the chief executive
will forego office hours and make
his third visit to the Pine Colo-
ranch of Bal F. Swan for a fare-
well bout with the rainbow trout
which abound in the stream run-
ning through Swans property.

**Insurance Firm
Drops War Clause**

NEWARK, N. J., UP—The Pruden-
tial Insurance Co. has dropped
"war clauses" from many of its
insurance policies since the end of
the Korean fighting.

Men in military service or alert-
ed for duty can now get policies
without "the restrictive" "war
clause" as long as they do not
anticipate assignment to combat
units in possible trouble areas, the
company announced yesterday.

Also eased are restrictions on
military and civilian aviation risks.

Bobcats to Play
Experienced
DeQueen Eleven

Hope journeyed over to DeQueen
tonight for a non-league contest again-
st the usually potent Leopards
of DeQueen county.

With some 10 returning letter-
men the Leopards are reported to
have "it" this year and will be
out to average a 4-0 belchbacking
the Bobcats handed them last sea-
son.

Coach Martin's Bobcats are in
good physical condition despite the
fact that two key men saw only
limited action in the Stamps game
due to injuries. Raymond Char-
well just recovered a hard blow on
his nose and it's not broken as
first feared while Ralph Wiggins
suffered sprain, although some-
what sore, will not keep him out of
action.

The team are rated about even
but experience is in DeQueen's fa-
vor. In fact with so many return-
ing lettermen the Leopards play
the phony system. Unfortunately
the Bobcats are not that deep and
most of the regulars will have to
go all the way.

Hope was the last team to beat
DeQueen on its home field, a 12 to
6 setback in 1949.

The game is called for 8 o'clock
and a kickoff is assured.

Bobkittens
Play Porkers
to 6-6 Tie

The heavily outweighed Hope
Bobkittens played the Texarkana
Junior Porkers to a 6-6 tie last
night at Hammond Stadium. It was
the first time in six years that the
Hope Juniors have been able to
even gain a tie with the Baby
Porkers.

The visitors tallied in the first
half but Johnny Nick's 55 yard
scoopster tied it up in the third
period.

Although the porcine usually
is silent, it is capable of making
a number of sounds.

The Velvet HAND
HELEN REILLY

CHAPTER TWENTY-TWO
WILDER had very effectively
choked his caller off. McKee took
the phone and rang the desk. The
call, a dial call, had been made
from somewhere in Dentfield, that
was all the girl at the switchboard
could tell him. It hadn't been made
from the Haven house. McKee gave
the number and George Corey an-
swered. Everyone there was in the
living-room and had been for the
last quarter of an hour. McKee
asked, "Who's everyone?" Corey
said, "Mr. Haven, Miss Haven,
Miss Talley, Mrs. VanKreest, Mr.
Grant and myself."

McKee hung up, and he and
Strait went, leaving a badly shaken
Wilder behind them. When they
were a sufficient distance away
from Wilder's door, Strait said:
"What did you make of that, Mc-
Kee? Was that Libby's whispering
man who called Wilder?"

Instead of answering directly,
McKee said: "Did anything about
the voice strike you? I don't mean
the whispering part of it. That's
easy enough to reproduce. Try it
yourself sometime—I mean the
tone of the voice."

Strait said: "It seemed, it didn't
seem—particularly threatening."
McKee nodded. "No, it wasn't
threatening. It was friendly, kid-
ding."

"Then Wilder's lying. He knows
the man who took Libby Talley—"
McKee shook his head. "Not
necessarily. It needn't have been
Libby Talley's whisperer. But the
man who just called Wilder would
be very interesting to know how
he knows—and who he is."

In the Haven house three miles
to the north, the evening was at
an end. Shortly after McKee's call
George went, and the two girls
started for bed. Kit went with
Libby to her bedroom, going in
first and switching on the lights
and turning down the bed. Libby
was starting to undress. Her sud-
den cry jerked Kit around.

"Look, Kit!" Libby was pointing
to the dressing table. Kit looked.
There, on the dressing table, was
the tissue that had been returned.
They were there, the tissue a crumpled
ball on top of the glove. They were
sprinkled with drops of redness.
Sparing them to the dressing
table, a knife stood up straight,
its point buried in the wood.

At breakfast the next morning,
Philip, Kit, Libby, Marian and Wil-
der didn't speak much, and when
they did it was matter-of-factly.
The web was drawing in tighter,
many silky threads wrapping each
one of them in a clinging gauze,
hiding them from each other under
the manipulating touch of a velvet
hand. It was Hugo's phrase. It
stuck in Kit's mind.

The immediate aftermath of the
tissue, the glove—and the knife—
had resolved nothing. The knife was
a velvet knife, belonging to
Libby's manicure set. The drops
of simulated blood sprinkling the
tissue were a mere chroma.

There was none in the house. The
work could have been done in ad-
vance, or it there had been a bot-
tle in one of the medicine chests,
it had been disposed of.

SPORTS ROUNDUP

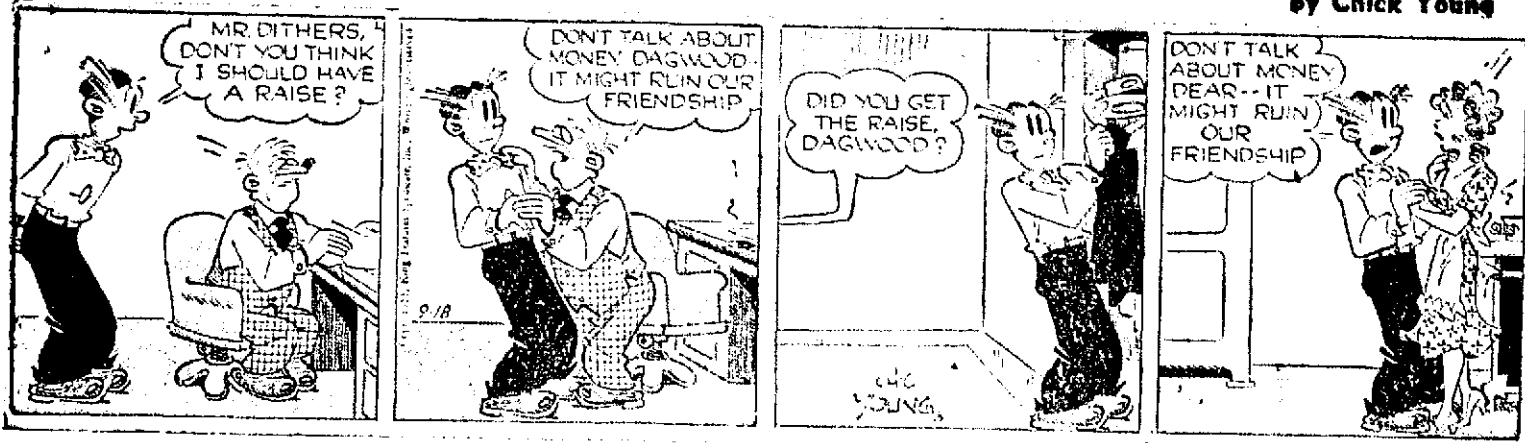

By GAYLE TALBOT

NEW YORK UP—There will be
little personal animosity between
Rocky Marciano and Roland La-
Starza when they meet in the Polo
Grounds ring a week from tonight.
The champion and the challenger
seem to advise each other, at least
in a limited sense, and neither has
yet been talked into calling his
rival a nipsobok.

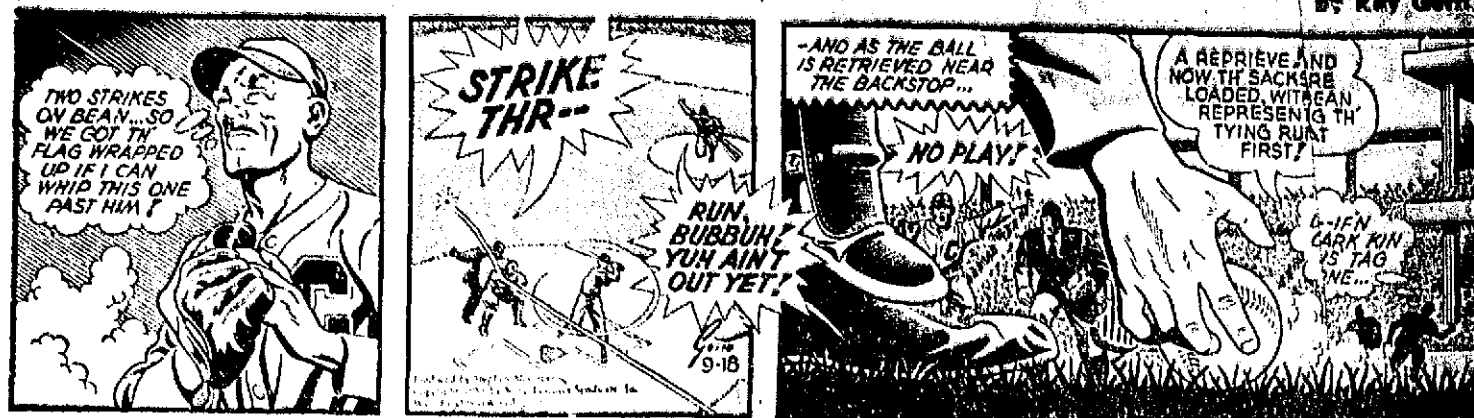

With their respective managers,
however, it's different. Jimmy De-
Angelo, who cuts LaStarza's purses
such as they have been, has a de-
voted and chronic hatred for Al
Weill, Marciano's one-man brain
trust. Al, long the most powerful
force in boxing, exhibits a cheerful
contentment for DeAngelo and says
that his job is lucky to be getting
a title shot at all.

This is just in case you suspect
there's a gross agent in the wood-
work, and that the current wrangle
between the two plots about a re-
turn bout in the event DeAngelo
lifts Rocky's title was dropped up
it wasn't. The only thing about it
that muzzles insiders is that De-
Angelo popped off before the fight
instead of afterward.

DRIFTING

A timid man in a crisis is worthless. He is the same as a drifting log... only deadwood. But a tree is not responsible... a man is. It drifts... aimless, useless, dangerous. It has no control. Hidden currents dominate it. Angry waves master it. Fickle eddies humiliate it. "Look at me and shun my fate," it seems to say. The life not anchored in God is a drifting life. A nation not rooted in God is drifting... all hands are feeble, all feet are palsied. Drifting is a fate bad enough for trees, but much worse for human souls. A man without a church is like the drifting log.

Wise Guidance For Living
By WILLIAM E. GILROY, D. D.

Three things at least are valuable if not essential, for wise and good living: good teaching and sound precepts; the power of great example; and signposts and directions at the doubtful and perplexing paths.

We all need direction and guidance, as much in the journey of life, as upon our modern complicated highways.

It was always so. That is why the Bible makes so much of wisdom, guidance and a working faith, even if all the perplexities were not made plain.

At its deepest and most intense point Job, or the author of that truth-searching drama faced the doubts and perplexities. If he did come to a solution, he did come to a working faith. "Shall not the Judge of all the earth do right?"

It is the same old unsolved mystery that underlies even the great words of Jesus' assurance. "Are not two sparrows sold for a farthing? And one of them shall not fall on the ground without your Father?"

The underlying mystery is, why does the sparrow fall? It is the mystery in the presence of war, suffering and disaster, as well as in the presence of death.

Perhaps, as the poet has written, "Whatever there is to know, that shall we know one day"; but at present life and death, despite all mystery, are very real.

We need faith, direction and guidance.

Where can we get the guidance we need? Counsel for living is available on every hand.

But the Bible is our best guide. Hebrew saints and seers, and Christian witnesses, have made the Bible what it has been rightly called, "God's book for man's life."

What did the Hebrew saints and prophets have to say?

Deeply, profoundly, they stressed the fact that true guidance in life begins at its source. The first thing is getting right direction. "Keep thy heart with all diligence"; says one of the great prophets (Proverbs 4: 23), "for out of it are issues of life."

It is amazing how repeatedly this stress upon the heart as the inner source of life and motive appears in the Hebrew Scriptures of the Old Testament.

Its intense, but typical expression is in Psalms 139: 23, "Search me, O God, and know my heart; try me and know my thoughts; and see if there be any wicked way everlasting."

Much of life's happiness and welfare depends upon good relations with other people, even with persons that one may not like. "Fret not thyself because of evildoers." Agree with thine adversary quickly. "Let not the sun go down on thy wrath."

How much of strife, unhappiness and worry might have been spared if men had given more heed to such counsels!

The Bible is indeed God's book for man's life, and if heed is given to it, as the Book itself though fools shall not err therein" (Isaiah 35: 8).

State Losing Youth, Says Dr. Camp

MAGNOLIA (AP)—Southern State College President Dolph Camp said yesterday Arkansas doesn't have enough doctors and professional people because the state's youth go elsewhere for college educations.

That's because, Dr. Camp told a Chamber of Commerce meeting, Arkansas is not giving adequate financial support to its colleges.

He said Arkansas colleges must start expanding their physical plants immediately to provide for an expected enrollment boom in 1960.

"The primary cause of our shortage of doctors and other professional people is that we are supplying those needed specialists to Oklahoma, Louisiana and their neighboring states where colleges are adequately supported," Dr. Camp said.

Dr. Camp said 2½ million dollars worth of building is needed at Southern State. He said the Legislature had not appropriated building funds to the college since 1913.

Arkansas sends more of its college students out of state than do neighboring Tennessee, Missouri, Oklahoma, Texas, Mississippi and Louisiana, he added.

Dr. Camp said that in 1950 the state spent less on its colleges than any of these states. Arkansas spent 10 million dollars in that year, in comparison to 13 million spent by Mississippi and 52 million by Texas, he said.

All newborn babies' eyes are blue. About 70 per cent of the world's land surface is ocean. The average depth of the world's oceans is about two miles.
